### KEY DEVELOPMENTS

- Peace agreement seems to have slowed again
- President's candid address on Independence Day
- Ebola remains a serious health risk
- Country in the peak of a serious hunger gap

### KEY HIGHLIGHTS

- 5900 hectares of arable land reclaimed for agricultural production
- 508,578 school meals provided
- Community assets including 30 km of access road, 25km of flood dykes, three multi-purpose ponds and several shallow wells built

### CHALLENGES

- Bureaucratic impediments & restrictions and insecurity
- Hyper-inflation & high cost of operating in South Sudan
- Dependence on UN partners for funding
- Cash flow challenges due to pre-financing various projects
- Ageing and unreliable fleet of light vehicles
